RE: Release Requirements, Star Stone Quarries, Santa Barbara Mine, S/013/006, Duchesne County, Utah

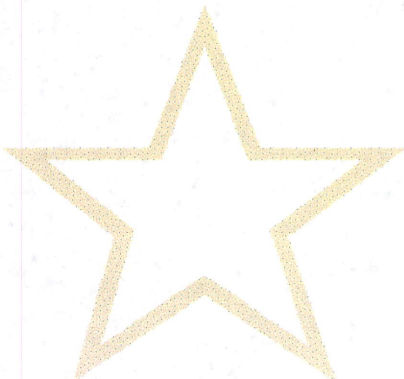

Dear Mr. Baker:

After reviewing the letter you sent February 1, 2005. I purchased the attached seed mix as well as fertilizer to apply to the area that we are seeking to have released. The fertilizer and seed mix were both applied and raked on November 6, 2005. This should fulfill the requirement you indicated to "seed and rake" the disturbed area. Upon a final inspection this area should be fully released from all reclamation/bonding requirements.

Should you have any questions, please direct them to myself or my assistant, Marie Ludwig.

Sincerely,

Lon Thomas
President
